Welcome to session #11 of the HACCP Mentor 101 series. In this session we go back to basics with document registers – what they are, why you need one and the best format to use. What is a document register? A document register is really just a list of all the documents that exist within your food business. That’s it in the simplest of formats.

**How to design a practical document register – HACCP Mentor**

numbers, have three components: DODAACs, Julian calendar dates, and serial/sequence numbers. DODAACs Your unit Defense Activity Address Code (DODAAC) makes up the rst component. The DODAAC is on your company documents and should be in your ULLS computer. You can also nd it on the unit document control register.
