Sure enough, the next day the spot was much lighter where I had left
the hydrogen peroxide drops. The next night I did the same thing with
a little more of the stain and by the third and forth night I had
covered the last little bit of the stain and by the next morning the
entire spot was lighter to the point where it matched the color and
grain of the wood all around it!

Why synthetic turf is a good idea. Digging: As every dog owner with a
yard knows (and those without one, we really feel for you), dogs like
to dig. Digging just so happens to produce bald spots in your yard and
if your dog enjoys scraping out tunnels, chances are, your clean,
indoor carpet also suffers the consequences.
