? The Lowdown: The Rules for Breaking continues from where we left off in The Rules for Disappearing. Anna thought she had what she wanted most in her life: freedom for her family and herself, especially if that means she gets to keep the cute boy, Ethan, that she’s fallen for and the friends she was reluctant to make.

I really liked the first book and meant to read the second one but never got my hands on it. Glad to hear that it’s still fun and awesome.

The Rules for Disappearing is good book, I really enjoyed reading it. The ending was good, a good ending but also left it open for a possible sequel. For a mainstream teen novel it was really pretty clean. A few issues with swearing and other inappropriate teenage behavior. But still a good read.

Bloglovin. You want to line up the center patch in the middle of your ruler, making sure the 45 degree angle on your ruler goes from point to point on the whole block, as well as that center patch, and then trim the top and side, spin, and do it again. This will ensure that your block is truly square.

The Rules for Disappearing starts out with a 17 year old girl and her family, who are in witness protection being moved from one location to another. We soon learn that this isn't the first move, but that there have been 6 moves so far.

**The Rules for Disappearing by Ashley Elston – Goodreads**
The Rules for Disappearing was the perfect mystery for me. The main protagonist is in a witness protection program that her dad got her whole family into. She's been in six different places, and every place she's got a completely different identity.

**The Rules for Disappearing (Rules Series #1) by Ashley ...**
The Rules for Disappearing was reminiscent of those and, well, with the way it ended, I was desperate for more. It wasn't a cliffhanger, but a teaser and it did its job. It's going to be difficult to review this book without spoiling the first, so proceed with caution. The Rules for Breaking picks up very soon after The Rules for Disappearing.

What I liked was that in The Rules for Disappearing Anna formerly known as Meg built up all these rules for herself and in The Rules for Breaking she is ripping those rules apart. I really enjoyed the romance between Anna and Ethan in this book. I didn't feel like they were just together because they were in this desperate situation.
