You hear a short question and then the recording status box will change to recording. Start your answer as soon as this happens. If you wait for more than 3 seconds, recording will stop and the item status will change to ‘completed’, which means that you have lost your chance to give your answer. When you have started talking, don’t stop for more than a second or two until you have ...

Published in the February 2019 issue of Today’s Hospitalist. FOR MORE THAN 40 YEARS, most doctors have turned to antipsychotics like haloperidol and ziprasidone when critically ill patients develop delirium in the ICU. But according to the results of a large, multicenter study, that practice needs to stop. Why? Because the medications are no more effective than placebo in significantly ...
